## Tutorials Info Sheet

Version 2, Published: 22.10.2025

---

The most important infos on the tutorials are summarized in the following:

- **Enrolling:**

Once you have formed your submission group (see below) please write an E-Mail with subject “DG1 Tutorial - Enrollment” to Tillmann Kleiner with the following information:

1. Which tutorial date you want to attend (see Tutorial Dates)
2. The names of the people in your submission group (see Submission of Exercises)

- **Passive Participation:**

Attend 75% of all tutorials from 27th/29th October on.

- **Active Participation:**

Gain 60% of all points from the exercise sheets.

- **Tutorial Dates:**

Please decide for one of the following two dates:

- Tutorial I: every Monday, 8:30 - 10:00 am in Seminar Room 031 at Arnimallee 6
- Tutorial II: every Wednesday, 8:30 - 10:00 am in Seminar Room 031 at Arnimallee 6

- **Exercise Sheets:**

There will be 14 exercise sheets in total. Each exercise sheet contains 16 regular points. In addition, there will be bonus points, but they are usually harder to get than the regular ones.

- **Submission of Exercises:**

Your solutions of the exercise sheets have to be submitted in paper form at the beginning of every Monday’s tutorial at 8:30 am for Tutorial I and for Tutorial II at the beginning of every Monday’s lecture at 10:15 am.

Solutions can be submitted in submission groups of at most 3 people. Submission groups can not mix people from the two tutorial dates, but should go to the same tutorial.

The names of all members of the submission group need to be written on the sheet.

- **Publication of the Exercise Sheets:**

New exercise sheets will be published on the course website every Monday morning.

- **Running JavaView:**

Make sure, that java is installed on your computer.

If you use MS-Windows, use the installer from “[www.java.com](http://www.java.com)”.

Download the file “javaviewFull.zip” from point (2)

on the Website “[www.javaview.de/download/index.html](http://www.javaview.de/download/index.html)”.

After unzipping this archive:

- MS-Windows: run the file “javaview.bat” in the folder “bin”.
- Linux and MacOS: run the file “javaview” in the folder “bin” from the terminal.

- **Contact and Further Information:**
